

# Spheres Of Light, Sydney & Nowra Full Moon Circles

## Full Moon in Aquarius ~ Thoth Friday 19th August 2016

Humanity is asleep, and we live in a culture that is out of balance with life and its elemental powers. Many of us know now what the price will be, more or less, for the excesses of our current lifestyles. And that too is in keeping with cosmic law.

The Full Moon in Aquarius gives us a window of opportunity where we can create new ways of thinking and being. We are given the opportunity to look at ourselves and others in love as a sister/brotherhood, for at the heart of everything we are truly one.

On Friday night we will be connecting to the great God Thoth and resonating to the higher vibration of 8 and the symbol of infinity. We will use this high level energy to create new ways of being for our self and to help us move beyond the limitations of duality and separation. If you have a drum please bring it along to help drum up energy.

### Circle Format

A meditation will be conducted before the ritual begins, prior to casting the circle.
