MAAT

On this night we will connect to the energy of the Libra/Aries Full Moon under the guidance of Maat. The Egyptians found a deep significance in these scales of balance. The goddess Maat, was seen at the time of death, placing the human soul on one scale, and a feather on the other. Should the scale tip but slightly, the soul would have to reincarnate again with the goal of expiating that extra weight.

The energy of the Libra/Aries Full Moon is amplified by the energy of the Lunar eclipse which also marks the beginning of autumn, the equinox when everything is brought into balance. When the Moon is full in Libra, the Sun is shining brightly in Aries. The polarity of these two opposing signs represents knowing self in an effort to know others; thereby allowing others to truly know us. We should not be afraid to be who we are in this life. Our physical time is limited, so live from the heart, without the shackles of regret. What we believe about ourselves is what we will become.

The circle format outlined above is used by Sydney and Nowra Circles. Each invocation has been printed out separately on papyrus styled paper, rolled and tied with ribbon coloured according to the elements and re-used for all rituals. However, each circle writes their own invocations to deity every full moon, and decides on their own intent and activity, so only those aspects of the ritual will differ and require printing anew each month.

### Invocation to Maat

Tua Ma'ati!

Great Mother of the Sun

Descend into the arms of the earth

Winged Goddess of Justice

Come unto me who cry out to you

For truth, judgment and strength

Help me know Good!

I call upon you to unleash the energies

In my life

I call upon you to bring the truth

Into all I do and say and feel

I call upon you to give me strength

To persevere on all levels in healing myself

On all levels

In organizing, in uniting

And in bringing about a new Creation!

Tua Ma'ati!

I invoke

The black free-standing Feather of Ma'at

The crystal star gleaming within  
The outpouring of interstellar energies  
Flowing and snaking through the earth  
Filling every living thing  
With the will toward harmony  
And symphony.

I invoke the Scales of Ma'at  
The Extremes and The Center,  
All One.

I breathe the quantum flux  
Filling me with the song  
Of All, of One.

I invoke the Sacred Law of the Universe  
The innate Justice  
That governs All  
I channel this energy in my work  
I am a conduit of the Black Flame of Justice  
And the silence of truth-in-action  
I am unified with all Life  
Through the breath of Ma'at  
Your heart-beat fills my ears  
As the sound of a singing healed life!

Tua Ma'ati!  
Mother of infinity  
Goddess who guides the sun  
The planets  
And all the ever-moving stars

Guides me always in my hour of need!

Great Cosmic Mother

It is so.

Tua Ma'ati!

I invoke the crow haired Goddess

Who weighs the Truth

In my heart,

And reveals All.

I enter the chamber of Truth

And stand before the great power of Justice

Ma'at, crowned with the feather of crow

Revealed in all your manifestations

I call forth the center of Truth and Justice

From within and without

I name this power Ma'at

And I manifest it here and now

As knowledge, will and action

Through the strength and energy of my limbs

May the judgment of Ma'at

Be done!

Through the clarity of my mind and loins

May the judgment of Ma'at

Be done!

Through the Black Flame of Justice in my heart

May the judgment of Ma'at

Be done!

Tua Ma'ati!

## Intent & Activity

Have trust in yourself and in your truth. What is just is right. Accept the cosmic laws of the Universe to bring balance into your life. Each person will think about an aspect of their life that needs balance. They will think of a word that will explain what they need to bring into balance. During the activity of the ritual each person will stand in the centre and state the word. After the word is spoken a bell is rung. Once everyone has spoken the word, we will be chanting Om along with the sound of bells and a singing bowl. Once we reach a climax of sound we will release the words up to the universe to come back as a reality.
