

Full Moon in Capricorn

Ritual written and led by Maria
(Friday 15 July 2011)*

This full moon in Capricorn awakens us to the higher frequency of spirit. "In Capricorn we have the triumph of matter; it reaches its densest and most concrete expression; but this triumph is followed by that of spirit. There is full expression of the earthly nature in Capricorn, but also immense spiritual possibilities."

The Capricorn/Cancer Full Moon is an appropriate time to shift our centre from the focus on our status, family, job, activities and relationships, it is a time to search for our true path, to anchor our stability in our own heart and to root our identity in our own unique destiny.

We will be performing a Kabbalah ritual to help us illuminate humanity with a higher vibration of consciousness. So this is a good time to transform yourself and surrender into Divine Will, a time to let go of all the old patterns and fears.

Kabalistic Cross

Lesser Banishing Ritual of the Pentagram

Middle Pillar

As the circle is cast feel the energy building encircling us, becoming a sphere of light.

By the power of the dragons may this circle be blessed, cleansed and sanctified.

Place your Rose Quartz comfortably near or on you.

Make yourself comfortable, feet flat on the floor and your hands in a relaxed position. Close your eyes and become aware of your body; if you notice any tension in your body gently breathe into the area. See it relaxing releasing and dissolving all the tension.

Take a deep breathe with this breath imagine a white light descending from above your head. Take another deep breath and continue the white light through your body reaching and linking to the earth. Feel the energy flowing connecting you to above and below.

We are now in-between worlds; call upon your Guardian to be with you in this rite.

**Guardian of mine, I call thee, to be with me
In this rite, Guide and protect, so mote it be**

Your Guardian is now standing next to you and together you walk down a path; in front of you see a shimmering light as you get closer it becomes larger and brighter.

As you get nearer you realise it is a temple glorying brightly. This is your temple of sacred light.

Take a step into your temple and look around.

You notice there are four altars, the eastern altar, the southern altar, the western altar, the northern altar.

You walk to the centre of your temple, and turn to face the eastern altar.

You raise your dominate hand and project a flaming pentagram from the centre of your palm and call forth Archangel Raphael.

**Mighty and Powerful
Archangel Raphael
Angel of the East, of Air and Spring
Great healer of all wounds past and present
Bringer of mental clarity
Inspire me with truth and vision
I call upon thee to attend and guard this circle
I welcome you
Welcome**

A powerful light being emerges before you, whose energy seems to fan the air around you. You feel a rush of air cleansing your aura. This being nods to you and then faces away from you guarding the East, protecting you from any intrusion in this space.

You now turn and face the southern altar

You raise your dominate hand and project a flaming pentagram from the centre of your palm and call forth Archangel Michael.

Mighty and Powerful
Archangel Michael
Angel of the South, of Fire and Summer
Great protector and balancer
Cut away all doubts old and new
Grant me strength, courage and integrity
I call upon thee to attend and guard this circle
I welcome you
Welcome

A powerful light being emerges before you, sword upraised. You feel a rush of energy balancing and clearing your aura. This being nods to you and then turns away from you to face and guard the South protecting you from any intrusion in this space.

You turn again and face the western altar

You raise your dominate hand and project a flaming pentagram from the centre of your palm to the altar and call forth Archangel Gabriel.

Mighty and Powerful
Archangel Gabriel
Angel of the West, of Water and Autumn
Great messenger
Revealer of dreams
Gift me with insight, hope and illumination
I call upon thee to attend and guard this circle
I welcome you
Welcome

A powerful light being emerges before you, with flashes of light. This being is electrical in nature, and you feel the energy vibrating within your aura. This being nods to you and then turns away from you to face and guard the West protecting you from any intrusion in this space.

You make another turn and face the northern altar

You raise your dominate hand and project a flaming pentagram from the centre of your palm and call forth Archangel Uriel.

Mighty and Powerful
Archangel Uriel,
Angel of the North, of Earth and Winter

**Great teacher of transformation
Keeper of sacred mysteries
Awaken and impart wisdom on the path I tread
I call upon thee to attend and guard this circle
I welcome you
Welcome**

A powerful light being emerges before you, emitting an ancient light of the divine, feel the energy resonating within your aura. This being nods to you and then turns away from you to face and guard the North protecting you from any intrusion in this space.

The Archangels are facing away from you to guard and protect.

Now turn and face east again, imagining the circle of energy encircling you in a ring of fire studded with flaming pentagrams in the quarters. You are now sealed in with their blessings, balance, strength and health.

Bring your attention back to the centre. Raise your arms above your head in the formation of a cup and call upon the goddess.

**Our Lady, Queen of Angels
Blessed are you among women
Holy Goddess, Mother of Earth**

**In order to receive you're healing
I open my heart to your love, peace
Wisdom and understanding**

**The mist of your pure light
Surrounds me
Work your mystery
In the hour of my need**

**Come forth I ask of thee
Welcome**

Still standing in the centre, bring your hands down and cross your arms right over left and call in the god.

**Heavenly hosts have gathered round
In their light
He, whose name is many, shines through**

**Our Lord, God, Heavenly Father
In your power and glory**

**I open my heart to thee
Send forth blessings of courage**

Strength and might

The mist of your pure light

Surrounds me

Work your mystery

In the hour of my need

Come forth I ask of thee

Welcome

The temple now is filled with pure light; you find it hard to keep your eyes open. Close your eyes and just feel the energies moving around you, through you, above and below you take in that pure loving energy that has been offered to you.

When you open your eyes again, the temple is dark as you adjust your eyes to the darkness you notice there is some light. The light is coming from above. You look up, and notice the sky is filled with billions of stars twinkling brightly in the night sky.

There is one star that vibrates with a particular brightness. Isolate that star and observe its shine in the night sky; it seems to shine only for you.

While you are observing it, the star begins to move slowly, crossing the sky, and descending. The star grows larger and larger, moving closer and closer becoming brighter and brighter, seeming to illuminate the whole sky.

Pay close attention to the centre of the star, a figure begins to form; this image is moving closer and closer to you. You are about to meet your angel.

The angel now stands in front of you emanating a brilliant light. Your heart vibrates with immense love, peace and tranquillity, joy grows inside you, you feel secure and protected in the angel's light.

Your angel asks you to hold out your hand. You open your hand revealing the rose quartz crystal, surprised that you had it with you all along.

The angel cups their hands around your hands. The rose quartz vibrates with energy in your hand. An immense light emanates from its centre; its pure light is projected out into the universe.

You feel its energy radiating through you, around you, above you and below you. Your body is bathed in its light. Your heart centre opens to receive its blessings of love, peace, joy, and healing.

Your whole being is now radiating with amazing illumination.

Now take a moment to commune with your angel. You can ask for help, protection or advice about a specific problem or just enjoy this extraordinary contact.

.....

Now bring your attention back, the angel is now standing in front of you holding a cup of water offering it to you. You take the cup and drink the water. Your angel says 'it is the water of life, of rejuvenation and purification'

You feel its energy penetrating every cell within you body, feel it balance and harmonise, all of your being.

It is now time to say goodbye. You thank your angel for coming forth to be with you at this time and ask for the chance to have other encounters. The angel says "call upon me when you are in need and keep the rose quartz close to thee"

Keep the sensation of this marvellous contact within yourself; be assured of the knowledge that the angel will never abandon you.

The angel now slowly fades and becomes a brilliant star again. The star begins to move away from you, ascending towards the sky. You watch it move back into the night sky high above you to once again twinkle brightly.

Now bring your focus back into the temple. There is a soft light radiating inside your temple, this gentle light reminds you that now is the time to say thank you and goodbye to all for attending this rite.

Standing in the centre of your temple, Raise your arms above your head in the formation of a cup and thank the Goddess for attending

**Our lady, Queen of Angels
Holy Goddess, Mother of Earth**

**I thank you for your blessings
May they remain in my heart so that
I may live in harmony with all that dwell on the earth.
Thank you for joining me**

Hail and Farewell.

Still standing in the centre, bring your hands down and cross your arms right over left and thank the God for attending

**He whose name is many
Our Lord, God, Heavenly Father**

**I thank you for your blessings
May they remain in my heart so that
I may live in harmony with all that dwell on the earth.**

Thank you for joining me

Hail and Farewell.

Now turn and face the northern altar

Raise your dominant hand, imaging a flaming pentagram being drawn back into the palm of your hand and thank Archangel Uriel for coming forth

**Mighty and Powerful
Archangel Uriel,
Angel of the North, of Earth and Winter
I thank thee for attending and guarding this circle**

Hail and Farewell

Turn again and face the western altar

Raise your dominant hand, imaging a flaming pentagram being drawn back into the palm of your hand and thank Archangel Gabriel for coming forth

**Mighty and Powerful
Archangel Gabriel
Angel of the West, of Water and Autumn
I thank thee for attending and guarding this circle**

Hail and Farewell

Make another turn and face the Southern altar

Raise your dominant hand, imaging a flaming pentagram being drawn back into the palm of your hand and thank Archangel Michael for coming forth

**Mighty and Powerful
Archangel Michael
Angel of the South, of Fire and Summer
I thank thee for attending and guarding this circle**

Hail and Farewell

And again another turn and face the Eastern altar

Raise your dominant hand, imaging a flaming pentagram being drawn back into the palm of your hand and thank Archangel Raphael for coming forth

**Mighty and Powerful
Archangel Raphael**

Angel of the East, of Air and Spring
I thank thee for attending and guarding this circle

Hail and Farewell

You notice that your guardian is standing beside you; they tell you its time to leave the temple. Together you walk out through the same entrance you came in.

The light from inside the temple illuminates your path, as you continue down the path, the light diminishes and you notice in front of you a mist has gathered.

But before you step into the mist, your guardian says ‘its time for me to leave’, you nod and say:

Guardian of mine
I thank thee
For being with me
We shall meet again
Goodbye till then
So mote it be

You now move into the mist it becomes thicker; you feel its coolness on your face. Walk through the mist, and soon you find yourself back in the room, back in your seat, wriggle your fingers and toes, stretch and when you are ready open your eyes.
