

Full Moon Circle (April 2004)

Unity Consciousness

(Ritual written by Gwyneira Morgana)

Intent

Often as each of us walks our paths, we experience periods when we need inspiration -a moment that shines as we search for the energy, courage and tenacity to keep moving forward. Over the last few months, while some have simply enjoyed the experience of circle, others have begun to deal with the issues and blockages that prevent them from experiencing their full potential.

This Aries Full Moon is then an ideal time to invoke the assistance and inspiration of those who have walked before us. Indeed the Aries

Full Moon is recognized by many as a special festival in which those who have become masters of the physical planes pour out special

assistance to those walking the path. For us tonight we will seek that assistance through the experience of unity consciousness -our inherent existence within a truth that far transcends our 'normal' awareness.

Our intent is then :

To experience inspiration, hope and revelation through the creation of unity consciousness.

To fulfill our intent.:
To experience unity consciousness,
And therein find the inspiration, drive and
hope,
To continue forward as individuals and as a
group.
We welcome you,

Ourselves

*(repeat 3 times, 1st time focusing on centering
in the self, 2nd time, choosing a colour -then
after each arranging according to colour, a 3rd
time focusing on the colour chosen.)*

I am a point of light within a greater Light
I am a strand of loving energy within the
stream of love divine,
I am a point of sacrificial Fire, focused within
the fiery Will of God,
And thus I stand.

I am a way by which men may achieve.
I am a source of strength, enabling them to
stand
I am a beam of light, shining upon their way,
And thus I stand.

And standing thus revolve
And tread this the ways of men,
And know the ways of God
And thus I stand.

Working

Sing together while moving energy sunwise
and allowing it to blend:

From you I receive, to you I give,
together we share, from this we live.

*(Once energy has blended, allow it to build,
singing until cone of power is raised)*

We are one in this moment
We are one in this power.
We are one in this moment
We are one in this power.

And they say that this moment will eternally
resound.

And the blessings of unity will flow, yes they'll
flow,

And the blessings of unity will flow.

*(Once energy has peaked, allow it as a
rainbow to rain upon and through each person,
spend some time humming/singing as
appropriate.)*
