

# Gemini/Sagittarius Full Moon

*Ritual written\* and led by Janine Donnellan

Artwork above: ["The Heaven of Angels", by Catherine Andrews.](#)

By listening to the callings of the Higher Universal Mind, your Higher Self under the guidance and protection of the Angelic beings you will be able to allow your mind to soar to the heights and travel to new horizons and new realms and in the process take on a higher level of consciousness.

We will commence with casting a circle - By air & fire, water & earth may this circle be blessed cleansed & sanctified.

## **Kabbalist Cross**

<http://www.asiya.org/Ibrp.html>

Visualize yourself getting larger and larger, taller and taller, until you tower above the room you are in. Continue this growing visualization until the city you live in is small beneath your feet. See the continent as tiny compare to your majestic body. Now even the Earth is small beneath your feet.

However, no matter how small the Earth is, it is still firm and solid beneath your feet, anchoring you to the ground. You will not float away.

Next visualize yourself growing to large that the planets of our solar system are like tiny toy rubber balls spinning near your feet. Soon they are too small to see as even the Milky Way galaxy becomes a small dot of light at your feet. Now visualize a dot of light coming from somewhere far above your head. Know that this is only a tiny bit of the light from this source, and if you saw the full brightness of this light, you would immediately be blinded. This tiny bit of the endless, limitless light forms a brilliant white sphere of pulsating light just above your head. It is nine inches in diameter, about the size of a dinner plate. It is brighter than 10,000 suns but still only a tiny portion of the source of this divine, spiritual white light. Point to that sphere above your head with your dagger or finger and "bring it down" (by pointing) to your forehead, just above and between the eyes (at the third eye).

Next, visualize this brilliance filling your head with divine light. While pointing to your forehead vibrate: **Ah-TAH** (capitalized syllable denotes emphasis).

Bring the pointer of the dagger or your finger firmly down your body until you are pointing toward the ground. Your hand with the blade is covering your groin. As you do this, visualize the light in your head coming down along with the blade or your finger, down through your body and beyond your feet down to eternity. Vibrate: **Mahl-KOOT**.

Now bring the blade up to your right shoulder. As you do this, visualize the beam of white light running down the center of your body forming a beam from the heart area out to your right, past the blade at your right shoulder. See this beam of light extend to the end of the universe, and beyond. Focus on this beam and vibrate: **Vih-G'Boo-RAH**.

Move the point of the blade horizontally to your left shoulder. As you do, visualize the beam of white light now extending through infinite space to your left. As you focus on this beam of light vibrate: **Vili-G'DooLAH**.

Clasp your hands at your chest as if praying. If you are using a dagger, the point should be up, not pointing away from you, nor to the sides or down. Visualize within your chest, at the point covered by your folded hands, a brilliant golden glow. Vibrate: **Lih-oli-LA11M. Auh-MEN**.

You have visualized yourself as the center of the universe with only the divine light coming through you. You may wish to remain in this position for a few moments to feel its power.

## **The Formulation of the Pentagrams**

Going to your left, move around to the front of your altar, so that you are at the east, facing east. Here, draw a banishing earth pentagram. Visualize the pentagram as flaming gas-jet blue as you draw.

Inhale through the nose. As you do, feel energy flow from the ends of the universe through your nose and body, and down and out of the bottoms of your feet to the center of the Earth. (You are no longer at the center of your magickal circle and thus at the center of the universe as in the first part of this ritual.) As you inhale, raise both hands to the sides of your head by your ears. The dagger or right-hand index finger should be pointing forward. Draw your left hand (which should have remained at your side until now) into a similar position by your left ear, the index finger pointing forward, the rest of the fingers closed into a fist.

Step forward with the left foot. At the same time thrust your hands forward so that they point at the exact middle of the glowing blue pentagram in front of you (this position is called "the sign of the Enterer"). As you do this, exhale and feel the energy come back up your body, out your arms and hands, through the pentagram and to the ends of the universe. Use the entire exhalation to vibrate the God Name: **Yud-Heh-Valiv-Heh**.

Bring your hands back to your ears while bringing your left foot back to its original position. Put your left hand down by your side and point to the center of the pentagram with your right forefinger or dagger. Now trace a line in the air at the height of the center of the pentagram as you move in a clockwise direction around the edge of your circle's space. Go 90 degrees so that you end up in the south, facing south. As you trace the line in the air, visualize a brilliant white light emanating from the tip of your finger or blade. At the south, repeat what you did at the east: draw a banishing earth pentagram, inhale, make the Sign of the Enterer, but instead vibrate the God Name: **Ali-Doh-NYE**.

Repeat as above, but move to the west and vibrate: **Eh-Heb-YEH**.

Repeat as above, but move to the north and vibrate: **AH-Glah**.

Complete the circle by connecting a white line from the north to the east where you began. Then moving in the same clockwise direction, come back behind the altar. You should once again be facing to the East.

Now visualize the brilliant white circle expanding up and down to form a sphere above, below and all around you. What you have done is created a sphere in brilliant white all around you with electric blue pentagrams at the quarters that have been charged and sealed with names of God.

## **The Evocation of the Archangels**

Spread your arms straight out to the sides, so that your body forms a cross. If you have a dagger, the point should be up. Take a second or two to once again feel the energies flowing through you and making you a brilliant cross of light at the center of the universe. The cross also represents the four archetypal elements: Air, Earth, Fire, and Water.

Visualize a figure on a hill in front of you. The figure is dressed in yellow robes that have some purplish highlights. The figure carries a caduceus wand (the symbol used by doctors, a wand entwined by serpents, which represents the life force) and the figure's robes wave in the wind. "Feel" a breeze coming from behind the figure. Say, "Before me, **Rah-fay-EL**." (Vibrate the name of the Archangel.)

Visualize a figure behind you, dressed in blue with some orange highlights. The figure holds a cup and is surrounded by waterfalls. Try to feel the moisture in the air. Say, "Behind me, **Gabb-Ray-EL**." (Vibrate the name.)

To your right visualize a figure dressed in scarlet with green highlights. The figure holds a flaming sword and you should feel heat coming from this direction. Say, "On my right hand, **Mee-chai-EL**." (Vibrate the name. The "ch" is a guttural sound as in the German "ach" or the Scottish "loch".)

To your left visualize a figure dressed in greens and brown on a fertile landscape. The figure holds some sheaves of wheat. Say, "And on my left hand **Ohr-ree-EL**." (Vibrate the name.)

Move your left foot out to your left and visualize another blue pentagram all around you, outlining your body. Say, "For about me flames the pentagram..."

Visualize a golden hexagram, a six-pointed star, sometimes called a Jewish star, or Star of David, within you, right where your heart is. Say, "...And within me shines the six-rayed star."

**Meditation on the Archangels and guidance**

**Speak your truth, Pick an Angel card**

**Repeat Part 1, the Kabbalist Cross.**

**Close circle**
