

# Gemini/Sagittarius Full Moon

*Ritual written\* and led by Janine Donnellan  
(June 2006)*

## **Background...**

This is the third powerful Full Moon in the year and is the Full Moon of Goodwill for all humanity. The Full Moon in Sagittarius is a time of focusing on the spiritual aspects and higher learning and wisdom, coupled with the fact of it being the Goodwill Full Moon we can focus on seeing/knowing all humanity in a state of peace, divinity and wisdom within themselves and all beings. The Sagittarius/Gemini polarity is also a very out there type of energy so a good time to be with others and have fun. Something we are learning now is that to be spiritual does not mean to be serious, but rather to express our joy; the energies of the full moon can enhance this.

This is a powerful pivotal month within this pivotal year with the 19 year Lunar Standstill reaching its exact centre point this month plus Pluto is still near Galactic Centre and the fixed Grand Cross.

Mythically we remember the Great Shining Ones are from the stars (the Pleiades, Ursa Major or the Big Dipper, and Sirius etc). They were the wise ones - the Magi - master builders who erected the standing stone circles and other megalithic sites around the world for the purpose of energizing and anchoring a crystalline grid connecting the Earth to the super computer of our intergalactic space-time grid. These days the galactic gateway is on the forefront of our experience as the Solstices are now aligned along the galactic plane for the first time in 13,000 years and Pluto is now aligned with Galactic Centre for the first time in 248 years.

The Tuatha De Danann came to Ireland from four mysterious cities located in the sky. They brought with them four magical tools or weapons and there were four associated seers. These four magical tools are important to the modern Celtic magician for the practice of magic and aids on the otherworld journeys.
