This Full Moon Lunar Eclipse is creating an energy for the shift in consciousness for humanity on deep inner levels. The Full Moon is a time of completion and celebration, in Pisces the spirit and cosmic bliss are illuminated and grounded through the Sun in Virgo. Be clear about your dreams and give them out to the Universe if you feel in your heart they are in alignment with your being in divine will. It is a good time with the Sun in Virgo opposite to do any deep inner healing and to love unconditionally yourself and all beings.

In this journey called life each of us searches for our own truth and we seek to deepen our understanding and experience of ourselves, our lives and the world in which we live, releasing the old, the negative, the unsupportive, and increasing the new, the positive. This ongoing process of renewal is but part of the pathway to evolution, service also being an important factor. The Virgo energy is asking us to examine the essence within ourselves to look for our true purpose and to know 'Whom we serve'. The Pisces aspect allows us to break down the material boundaries between the earth plane and the spiritual dimensions. All manner of possibilities exist when we arrive at this doorstep.

Tonight we will be working with the Egyptian pantheon and will be calling in Isis & Thoth who are both Moon Gods. Isis together with Thoth taught mankind the secrets of medicine. Thoth will be working with our higher self to help us know our higher purpose. Thoth again extols man to seek for light for only thus can they know their own soul.

Our intent for this Full Moon is then...

**WHAT IS MY GREATER PURPOSE - WHOM DO I SERVE?**

Prior to moving into the circle each person will choose a card that indicates the area in their life they need to focus on.

Circle is cleansed and sanctified and opened by singing...

*We are a circle, a living circle, with no beginning and never ending.*
