Full Moon in Leo – 29th January 2021

Full Moon In Leo (29/1/21 6:16am)

Our first Full Moon for 2021 is in Leo, a vibrant fire sign that is ruled by the Sun and is outgoing, affectionate... and just like the Lion exudes warm-hearted courage. When the Moon is in LEO we are guided to connect deeply into our soul and unearth our passions. What creatively inspires you and brings you the greatest emotional fulfillment?

Our Moon is reflecting the light of the Sun in Aquarius, an air sign that is ruled by Uranus and weaves qualities of humanitarian pursuits, pioneering skills & can be very rebellious in nature. When our Moon is in Leo, reflecting the Sun in Aquarius – these two create quite an intense, yet deeply uplifting resonances. We are guided– from a place of self-love rather than ego. Basically, Leo Full Moons implore you to have the courage to OWN YOURSELF. Believe in yourself. Trust in the miracle of life & the guidance of your SOUL.

The Watchers

This year we will be learning about Ceremonial Magick and the Watchers. Ceremonial magic (ritual magic, high magic or learned magic) usually encompasses a wide variety of elaborate, and complex rituals of magic. The works included are characterised by ceremony and numerous requisite accessories to aid the practitioner. Ceremonial Magick draws on such schools of philosophical and occult thought as

Hermetic Qabalah, Enochian magic, Thelema, Luciferian and the magic of various grimoires. Ceremonial magic is part of Hermeticism and Western esotericism.

The name Watcher, or Grigori, means, “Those Who Watch”, “Those Who Are Awake”, or “The Ones Who Never Sleep”. They are described as angels sent to earth in order to watch over and assist mankind during the inauguration of society. They were to monitor humanity, lending a helping hand, but not being intrusive into the course of humanity’s growth. Of course, things went a bit haywire and the Watchers started to co-mingle with women and their offspring were giants named the Nephilim which caused much destruction, so the story goes. Eventually, the great flood destroyed the giants including every other living thing on the earth.

Today, we view The Watchers as spirit guides/angels or Egregore (also spelled egregor; from French *égrégor*, from Ancient Greek *egrégoros* 'wakeful') they are distinct non-physical entity that arises from a collective group of people. More contemporarily, the concept has referred to a psychic manifestation, or thoughtform, occurring when any group shares a common motivation—being made up of, and influencing, the thoughts of the group.

The Watchers will come to you in a form that is unique to you. They will share their wisdom and knowledge if you show them respect and reverence.

Lucifer – The Watcher

Lucifer will be playing a major role in our rituals throughout the year and we will be introducing a guest Watcher at each full moon ritual commencing from February.

“Lucifer” literally means Lightbringer, Light bearer, Bringer of Dawn, Shining One, or Morning Star. The word has no other meaning. Historically and astronomically, the term “Morning Star” has always been applied to the planet Venus. The meaning of the Latin word Lucifer, in Greek is phosphorus. Red is also the colour for the chemical called “phosphorus” that is within our own blood. Phosphorus is a chemical that is white and becomes red when it is heated. It is the light bringer, and one may say the Lord of our blood that can bring us heaven or hell.

Lucifer is a being that brings out enlightenment in those who truly seek it. He is not external power that hands out knowledge so much as one who assists a seeker in bringing it out of themselves.

Lucifer is a Watcher, he is the spirit of Intellectual Enlightenment and Freedom of Thought – he is metaphorically the guiding beacon, which helps man to find his way through the rocks and sandbanks of Life, for Lucifer is the LOGOS in his highest, and the “Adversary” in his lowest aspect – both of which are reflected in our Ego.

Balance is also a significant component of the concept of Lucifer. He is both spiritual and carnal, as are humans. He is moderation over extremes. He is both the light and the darkness, as you cannot have one without the other, and there are lessons to be learned from both.

The Ritual

Lucifer Meditation

We begin this meditation with breath, breath is the power of the Solar Plexus, the power of our core, the power of our radiance. The solar plexus is the core of our power, and it is from the solar plexus the power is raised within us. Take a deep breath in, breathe deeply into your core. Breathe into your solar plexus and hold your breath. Hold the sacred power that is in you, the seat of your soul. Now release. Release your stress and anxiety from your body. Release all doubt and fear. Take another deep breath in, breathe deeply, you will begin to feel the energies stir within you. Now release, exhale all negativity and blockages.

Feel your core power rising up within you, feel your vibration rising to new levels until you feel you are soaring to new heights of enlightenment. You will now enter a state of peace and tranquillity and you are now ready to meet with Lucifer the Light Bringer.

Feel your body becoming a beam of light, feel yourself drifting away to a safe place, to the sacred Tower of the Morning Light. You are ready to respond to the call of Lucifer.

You feel lighter and a stronger sense of drifting away. You drift deeper into the dark void. Deeper into the darkness of the unknown. As you drift you notice a blanket of darkness wrapped around you. It comforts you, it cradles you and it protects you.

Within the darkness there is a small beam of light, it is the light of the morning star. Follow the light to the Tower of Lucifer. It is now time to follow the path of inner truth, of your inner radiance. From the darkness you shall rise triumphant.

With the rising of the morning star we stand tall and in our power as we are guided to the sacred tower. Go with the shifting energies, the realm has shifted and a new pathway has been divined. The way has been revealed, you have been accepted and welcomed.

You now see a definite path, the path is leading up a hill, the path is lined with blood red roses. Keep walking up to the top of the hill. You see the Tower of the morning light rises above you. Take a moment to observe the tower, the morning sun is rising and it's rays radiate the tower in shades of brilliant gold and silver. Notice all the details, what does the tower look like? As you get closer to the Tower you hear whispers in your mind, you get flashes of images the closer you get to the door of the tower.

Lucifer is reaching out to you, filling your mind with messages of light. You are now at the door and beyond the door is a flight of stairs leading up to the top of the tower. The morning light shines down to light your way. Take notice of the decorations on the walls as you move up. They tell the story of the Watchers and how they assisted human kind. As you reach the top of the tower you stand there and you see that Lucifer is waiting for you. Behind him you see the rising sun, illuminating the landscape around the tower, you see Lucifer illuminated by the Morning Light. Lucifer, the Light Bringer has some information he wishes to share with you. Take your time and listen to his wisdom, do not be afraid to ask questions about your path. When it is time I will call you back.

It is now time to return, thank Lucifer for his wise words of advice. He is with you now on this journey. He blesses you and gives you a gift of a blood red rose. We walk down the stairs with you and we reach the bottom he opens the door. When you need to seek his counsel, his door is always open to you.

As you move down the path you suddenly feel yourself being projected through the darkness, through the void until you find yourself sitting back on your chair. Take a deep breath through your solar plexus and think about the wisdom that has been given to you. When you are ready bring yourself fully back into your body, wriggling your fingers and toes and opening your eyes.
