Full Moon in Libra – 26th March 2021

Libra Full Moon (29/3/21 5:48am) — On this night we will be connecting to the energy of the Libra/Aries Full Moon under the guidance of the Watcher of Justice. This Full Moon in Libra is all about balance, justice and harmony. Symbolically, Libra is the keeper of the scales and warns us that we should be true to ourselves. On this night we will be looking at Justice from a universal perspective.

Azazel, the Watcher of Justice:

- Though he is not the oldest, he makes up for it in wisdom from his travels. He has ventured far and learned much. He has embraced a balanced path as a healer and one who can awaken the sleeping sides of the soul.
- He knows the journey of the black flame and he has gained the wisdom of darkness. He can act as a guide helping people through the darkness of their soul and helping them to find balance. Both a healer and a warrior he is incredibly balanced and one who can offer profound guidance and wisdom.
- we can ask him to guide us through the darkness, show us the path ahead, the path that we cannot see. He can lead us to our shadow, lead us to the black depth of our soul. Help us find balance and mastery of our selves.
- One who walks through the fire and the black abyss to the tree of knowledge and power.

- He is a powerful healer. He is one who has mastered the darkness of himself and so when he heals, he comes from a place of purity. The purity in which he heals from is something that is rare and unique. He can channel the energies and guide them into their target clearing blocks and removing limiting mindsets and toxic energies.
- He is a master of the mind from his travels and training. It has taken him to the darkest places of the void and he has learned mastery over his mind and his thoughts. He comes across as cold and emotionless but in reality, he is one that is full of powerful and profound emotions, the depth of which takes years to understand and explore. He can train one to master their own mind and teach them powerful techniques in focus, concentration and mental mastery.
- He can help one to train their mind and to awaken their own unique gifts and abilities. He can help one to embrace the super mind powers that are inside of them and through intense training, he can teach people higher psychic skills that have long been forgotten by humans. The level of focus that he desires in those who work with him is intense and one must be ready for the exercises that he reveals to them. For it is through these exercises that the higher powers are activated.
- He can help people to awaken their psychic skills and the power of their third eye. He is a master at psychic development and any arcane development. He can help one to gain mastery over themselves and their psychic skills. He also is a master Black Magician and can teach sacred techniques in black magic, and spell crafting. Those who approach him are given the opportunity to learn powerful mind-bending techniques and how to shape and craft the world around them. He is a powerful teacher who will bring life-changing opportunity and challenges to those who rise to them.
- Lord of the Black Desert, there is magick here and there is skill that can be harnessed. Those who overcome the challenges are gifted with powerful secrets and sacred techniques which can only be used by those who have gone through the trials. This desert is a place of madness and of darkness, it is a place that swallows whole those who cannot handle it, and it is his domain. As is the magick that rises from there. He teaches incredible gnosis in the dark travels of the soul and journeys with him often take one to the intense darkness within. The shadows of despair. He is a powerful teacher of magick, healing, balance, darkness, soul travels, and soul awakenings.
- He has a very wise presence to him, and he can offer one guidance and comfort, especially if they are troubled and upset. He gives incredible advice and I have always found him to be patient and compassionate. For those who understand the darkness and their own balance usually are very understanding of those who are looking for their own. He is one though to be treated with respect, and honoured for the wisdom and knowledge that he has and the brilliance that is him. Though he is not the oldest Dark Lord, he is one of incredible brilliance and wisdom that takes one to the pinnacle of their own mastery and pushes them to the edge of what they believe is possible.

Offerings we offer when working with him: Flowers he likes are yellow carnations, geraniums, and hydrangea. He likes green tea, herbal tea, and hibiscus tea. We believe in offering tea as a sign of welcome and respect and these are the teas we offer to Lord Azazel.

Colours he likes: Blue, Yellow, Green, Gold, Black, and Red

Sydney Circle – Introduction

Full Moon in Libra is all about balance, justice and harmony. It is in the element of Air and the planet of Venus

Azazel stands for Justice and Revenge and does not in any way advocate submission or turning the other cheek. He is a Master of Spiritual Alchemy. Spiritual Alchemy has to do with the transformation of elements within the human soul, drawing energy from the earth and working with the earth spiritually.

Azazel is a powerful spirit with a direct nature. He doesn't take any nonsense and tells things like it is. That doesn't mean he's unkind, though, as he is a strong healer, particularly of the heart and soul. He is not afraid of the darkness as he mastered it long ago.

Healing our soul can sometimes require some justice. This can range from something and personal to world-spanning. Healing and justice also often require re-balance. In fact, healing and justice can be two sides of the same action.

We will be coming to Azazel to seek his spiritual power on us and the world around us. We might find him taking us to healing. We may find him taking us to a place to wield justice. We could find both results from the same action.

If we know in what way we want some justice or healing enacted, take that to him. He may help or he may find something better for you. If you don't have anything particular, he may find you something anyway.

The Ritual

CLEANSING / BANISHING

Before moving into the circle we will stand behind our chairs, feet slightly apart, arms to our side. We will connect to fire at the core of the earth, bringing it up through our feet moving it through our bodies/chakras with the intent to cleanse our bodies, mind and spirit of any negativity and blockages. We will then move the fire into our astral bodies cleansing and removing negativity. We will then move the fire into the hall circulating the fire throughout the hall cleansing it of any negativity.

Spell Work

Writing Spell on Justice. We will be writing two sigils on our candles, one on each side. The first is Azazel's sigil. The second you will have the opportunity to find or create with the meditation.

Meditation

Close your eyes and relax. Sit comfortably. Take a long slow breath in through the nose. Hold for a moment, and then release it out the mouth...

Feel your throat chakra softly take control of this. As you take another long breath in, feel your throat chakra take a spiritual breath in. As you exhale, feel your throat chakra let a spiritual breath out. This chakra is the centre of power of communication - both in and out. And it is the power of our thoughts, those we give and those we take.

As you watch and feel your throat chakra breathing in and out, there is a silver mist rising up and forming. Before too long it completely obscures all around you. There is no more sense of here. You are standing in the mist - somewhere.

The mist thins above you and it is beginning to show a night sky. An empty night sky. There are no trees, no clouds, no anything above you. Perhaps a few stars start to appear.

The mist descends. There is nothing to hear, and nothing to smell and almost nothing to see. The mist is at your knees, then your ankles. Then below your feet and gone. You are standing on rough, black stone surface, but not in front of you. In front you there is a ledge, and there are some stairs going down.

Take a step forward. Hear your footstep startlingly loud in this place. There are only a few steps and then you are on ... What? The crunch changes and it is clearly sand. Black sand. Almost as far as the eye can see. Except... There looks like more rocks a little way off. Walk carefully forward. There is nowhere else to go.

You are nearly there when there is movement just to the side of the rocks. A fleeting movement that is gone as soon as it was there. You cannot tell what it was. Another movement on the other side.

"Why are you are here?" says a voice, a very strong but very quiet voice. The words are said plainly, almost emotionless.

Ahead you can see the rocks form a clearing. The rocky clearing is bathed in vague starlight like everything else in this desert. The wan light gives the rocks a flat, dim, grey appearance.

Except for one thing. In the middle is a rough cut, low block of stone. And on the top is a large black flame. It is dancing slowly, impossibly large and unfathomably black. It is soaking up what little starlight there is to burn.

You hear a footstep behind you. You know who it is. You know exactly who it is because this is who you came to meet.

He speaks quietly but powerfully, asking why you are here. You feel his breath on your neck. It is warm not like a creature is warm but like a fire is warm. His words are said plainly. They are not a threat. There is barely curiosity. Answer if you can.

You feel a large hand suddenly on your back! Is it Azazel about to hold you back? Or is he going to push you in? Leap in now - you are here for the black flame!

You are standing on nothing. There is no sand beneath your feet and no stars in the sky. A movement in the dark - it slowly resolves. A face of Azazel. He speaks again.

"The black flame is not for the unwilling or unaware. It burns away illusions. It burns away false energies in your mind. It reveals where balance is not and it demands adjustment."

"You are in the black flame and the black flame is in you. "

You see him gesture with one limb, then another. You see yourself. You see the black flame. You are the black flame and yet you are not. As the black flame starts to clean your aura, Azazel draws a shape in the air and it draws you once more into the black flame to show you a path into your inner self. This path will show you where you must seek balance to achieve the justice you desire. Pay attention to what he says to you, what he shows to you.

I will call you back when it is time.

Now you have heard, seen and learnt all there is time for. Azazel draws the sign again before you and you are once again in the black desert and the black flame is before you once again. It is both the same and different. As you watch, the rocks melt into the sand and the silver mist rises all about you once again

Remember the sign he drew. It is your sign for this journey. As it firms in your memory, the mist dissolves and you are once again back in your seat in the hall. Gently move your fingers and toes and when you are ready you can open your eyes.

Meditation

The Journey of the Black Flame ~ The Journey into the Void with Azazel

We begin this meditation with breath, breathing through our throat chakra, the power of our communication, the power of our thoughts and our psychic communication. Take a deep breath in, breathe deeply into your throat and hold your breath. Now release. Release your stress and anxiety and any negative thought forms from your body. Release all doubt and fear. Take another deep breath in, breathe deeply, you will begin to feel the energies stir within you. Now release, exhale all negativity and blockages, feel calmness take over your mind.

Now visualise that a silver mist is rising from the ground surrounding you and protecting you. You stand up and move away from your body and you feel yourself being sucked into the energies of a powerful vortex at the heart of a void.

At the centre of this void a large Black Flame Burns. An incredible power rises from the depths of the flame. Azazel, a large seven headed dragon with 12 wings arises to greet you. He is an imposing figure but yet despite his appearance there is a strong connection to humanity and the human kind.

Azazel invites you into the flame of transformation, the flame of ascension and the flame of power.

The flames are cleansing and clearing. Once in the centre, the black flame works silently and without pain as it burns away the false illusions and hazy energies that block and clutter your mind. It opens the power of the mind to its potential, raising the vibrations of your soul and expanding the raw power within you. At this point you feel yourself expand into greatness. Take a few minutes to allow the flames to cleanse and clear your aura.

The Black Flame is transformational. Azazel now takes you on a walk, a journey of the voidal ascension and awakening of the inner self.

Take your time for this journey will allow you to be brought into balance with your personal void. Your connection to your personal power that dwells inside. Take note of what happens and what is said on your journey. When it is time I will call you back.

It is time to return, you thank Azazel for taking you on this journey. He now explains that the black flame now resides within you.

You now see the silver mist before you and you feel yourself being sucked through the vortex back through the void and back into your seat in the hall.

Take a moment to absorb all that you have experienced. When you are ready wriggle your fingers and toes and open your eyes.

Spellwork

The spellwork will be candle magic; choosing a coloured candle of our choice and inscribing sigils/words based in information individuals receive during meditation etc and then anointing the candle.
