

Spheres Of Light

Full Moon in Scorpio — 23rd April 2021

Scorpio Full Moon (27/4/21 1:31pm) Traditionally, the Scorpio Full Moon is considered one of the most powerful for releasing, cleansing, and transforming your life. This is because Scorpio is the sign that rules over death, rebirth, and spiritual transformation. On this night we will be working with the Watcher Sariel. Sariel means Moon of El and is responsible for lunar sorcery and magick. The Full Moon in Scorpio is bringing light to all the shadow dynamics that lie underneath the surface — the very things we don't want to look at or have been avoiding dealing with are likely to come to Light right now. Scorpio pulls us in to the mysterious depths. The dark has power, and that makes it daunting, but also a promising night — for deep change and renewal. What comes to mind with this Scorpio peak is that it's a time to come home to the power of the imagination to shape your life.

Sydney Circle — Introduction

Full Moon Workings

Moon Sign — Scorpio — This period of introspection could lead to greater self-awareness as well as an awareness of those around you. The ability to get in touch with the intricacy of your own emotions gives you the insight needed to understand others' motivations. Don't be surprised if you have a few light bulb moments during this time. Fights and upsets during the Scorpio Full Moon create the opportunity for positive breakthroughs by eliminating bad habits (or people) from your life.

Samhain

The Scorpio Full Moon announces the beginning of the thinning of the veils between the worlds. At this time of the year, we remember those loved ones that have passed away. Anzac Day is on Sunday which also reminds us about the concept of sacrifice. Samhain is end and the beginning of the Celtic New year, so it is an opportune time to release what needs to be released and to plan your goals for the year ahead.

Death Card – number 13 in the Major Arcana

The Death card represents the ending of the old year and the sloughing off outmoded ways of thinking, feeling, and acting. This card urges us to leave behind what we no longer need—what no longer helps or sustains us.

Meaning of Rosemary

Rosemary has long been associated with memory and remembrance. If you are doing memory work of any kind, Rosemary is an excellent ally including ancestor work. Rosemary strengthens our memory and encourages us to use our memories in new ways, shaping them, and storing them. Rosemary is particularly good for memory mansion work, using method of loci techniques that have been handed down by masters from the ages. If there is a memory you want strongly to retain or a memory you want to bring back, rosemary is your guide.

Watcher – Sariel means Moon of El and lunar sorcery and magick. Sariel teaches the course of the moon, which, at one time, was considered forbidden knowledge. Sariel is believed to be a kind angel of death and an angel of healing.

Sariel provides protection against evil eyes and evil forces. Sariel is a warrior and he can also give you protection against evil entities that feed from your aura's energy.

The Ritual

CLEANSING / BANISHING

We will connect to fire at the core of the earth, bringing it up through our feet moving it through our bodies/chakras with the intent to cleanse our bodies, mind and spirit of any negativity and blockages. We will then move the fire into our astral bodies cleansing and removing negativity. We will then move the fire into the hall circulating the fire throughout the hall cleansing it of any negativity.

Spell Work – We will be making Remember cards using the herb Rosemary. Each person will write on the card who or what they want to remember. It could be to honour a loved one who has passed or something you want to remember or a reminder to remember what your want in life (your goals & achievements).

Meditation

We begin this meditation with breath, breathing through our throat chakra, the power of our communication, the power of our thoughts and our psychic communication. Take a deep breath in, breathe deeply into your throat and hold your breath. Now release. Release your stress and anxiety and any negative thought forms from your body. Release all doubt and fear. Take another deep breath in, breathe deeply, you will begin to feel the energies stir within you. Now release, exhale all negativity and blockages, feel calmness take over your mind.

Now visualise that a silver mist is rising from the ground surrounding you and protecting you. You stand up and move away from your body and you see a dark ocean before you. A large silvery moon is rising above the water, its reflection over the water looks like a silver stairway.

As you stand at the edge of the shore an invisible guide has arrived to guide you on your journey. It is a Watcher, a daemon called Sariel. Sariel whispers in your ear that you are safe and protected. You immediately notice a silver circle of protection surrounding you. Feel how it keeps you safe from harm and separates you from the concerns of the everyday world. Take a few minutes in silence; as the quiet deepens, imagine that the veil between this world and the world of the Invisibles has parted. Imagine the Watcher, the beneficent presence has taken your hand and is lighting up the space around you. Something about this presence touches your heart, communicating with you in a wordless, yet deeply knowing, way.

After steeping yourself in the aura of this formless presence, begin to imagine that a real being is taking shape before you. Seeing with your inner eye, and feeling with your heart, intuit the detail of Sariel: he is resplendent with luminosity.

Sariel leads you into the light of the Moon's rays and the light illuminates all aspects of your inner journey. There are 13 steps in front of you that lead to a large archway. You are instructed to slowly move up the steps letting go of 13 things in your life that no longer serves your purpose. Once you have reached the archway spend a moment in gratitude for your life. As you walk down each step in notice how wonderful you feel now that you have released those things that no longer have an impact on your life.

When you arrive back to the shore, Sariel imparts wisdom to you that is important to your new beginning. After a few minutes in this communion, release your hands from Sariel's and, together, bow in farewell.

You now see the silver mist before you and you feel yourself being sucked through the vortex back into your seat in the hall.

Take a moment to absorb all that you have experienced. When you are ready wriggle your fingers and toes and open your eyes.

Canberra Circle – Introduction

April 2021 ends with a Super Full Moon in the sign of Scorpio. Scorpio rules our underworld and our naturally transformational nature. This is an energy that is activated when we are willing or called to face our inner shadow. That is the part of self we haven't brought into the light and yet is equally beautiful as part of our completeness. We can often spot this energy in places in our lives we are scared or even embarrassed to venture – like sex, endings, power, and manipulation to name a few. In fact, it is often our Scorpio nature (which we all have) that we keep hidden for fear of judgement. Just think all the things the dogma of the bible sees as sin – lust, greed, envy, gluttony, pride, wrath and sloth – these are the things we often deny within our selves. In denying that these elements that live within us make them stronger. That is not to say that we should be tipping the scales the other way, but rather to see both the light and dark of the divine mother we embody and live within. In fact by vilifying and being disgusted by the shadow within we create more polarity and fear within the world.

Canberra Full Moon Circle Altar

This is a full moon to see within you the light and shadow – to find that place where they meet. To accept all of yourself and to not shy away from those parts our ego deems less worthy (for the ego is the place that creates judgement of “good or bad”). This is a full moon to go down into that diamond mine within, and harvest the jewels that lie within your shadow. It is here you will learn who you are and move into a state of acceptance that requires you to not see your human form as any less holy than the soul that resides within it. This is a moon to find reverence and see the love that underpins all our fears. This period of introspection could lead to greater self-awareness of those around you. The ability with the intricacy of our emotions gives you the insight needed to understand other's motivations. Don't be surprised if you have a few light bulb moments during this time. Fights and upsets during the Scorpio full

moon create the opportunity for positive breakthroughs by eliminating bad habits (or people) from your life.

Sariel means Moon of El and lunar sorcery and magick. Sariel teaches the course of the moon, which, at one time, was considered forbidden knowledge. Sariel is believed to be a kind angel of death and an angel of healing. Sariel provides protection against evil eyes and evil forces. Sariel is a warrior and he can also give you protection against evil entities that feed from your aura's energy.

So with all this mind tonight we will do a meditation with Sariel and then during the spellwork we will focus on 2 feathers one to let go of what is not needed in our lives the other is to set the intentions or our focus on what is needed in our lives.
