Full Moon in Pisces ~ 17th September 2021

Full Moon Circle in Pisces

Friday 17th September at 8pm - Zoom Event

Full Moon in Pisces (21/9/21 9:54am)

The Full Moon in Pisces and with the Sun in opposing Virgo, highlights the balance between order and chaos in our lives. This is an especially sensitive Astrological event and we may find ourselves overwhelmed by our feelings or the energies around us, even if we are not usually open to these subtle energies. The Full Moon in Pisces is an excellent time for daydreaming, imaginative energy, compassion and calm, flowing easily with whatever changes may come. Our powers of empathy are likely to be strong around this time and we have an increased awareness of humanity, indeed all of life on earth, as a united whole.

Moon Tarot Card

The moon tarot card represents our intuition, our shadow self, and the spiritual realm. The 18th card of the major arcana, it's a card of lunar magic, dreams and visions, creative genius, and the subconscious mind.

The lighter side of the moon can communicate creative genius, gifted manifestation and powerful intuition and life magic.

The darker side of the moon can represent visions, illusions, and madness. It can be a warning against the hidden: hidden enemies, addictions, or even mental health issues. So, the moon can be a card of extremes.

The moon is the eccentric, and helps seers, healers and seekers to navigate the thin veil between this world and the spiritual world. It shows us enough to see the path, but then begs us to tap into all of our faculties to learn to navigate the twists and turns of our dreamscapes with grace.

Activity

Scrying in water or crystal ball. We will be scrying and tapping into the areas of our life that we need to change or release. We will then write down those aspects and do a cutting the ties that bind.

Watcher

Armaros who teaches the “resolving or undoing of enchantments.”

What Happens When We Scry?

In scrying, we enter a receptive state of consciousness that is very similar to the mental state of a hypnotized subject. In this altered state our mind remains open and waiting to receive impressions. When we enter this altered state, we should hold within our minds the purpose for which we are holding the scrying session, e.g. what aspects of our life we would like to change.

Water and the Unconscious

Water is linked to the unconscious mind on the archetypal level. In the myths of different cultures water is the realm of mystery, the unseen forces, and the intuition. Water has the property of images. Like a mirror it allows us to look back at our faces and it reflects images that are around us. It allows us to tap into the unconscious depths. It is a window of the limitless potential, where all images lie latent and waiting to be revealed.

Cutting the ties that Bind

Write down those aspects of your life you want released or changed on a piece of paper. Then fold it and tie it up with string or cotton. We will call upon Armaros to cut the ties that bind us and to free us to move forward in our lives. Cut the string and paper into tiny pieces and say “I release these aspects of my life – so mote if be”. On Saturday the day of Saturn bury or burn the pieces.

The Ritual

CLEANSING / BANISHING

Before moving into the circle we will stand behind our chairs, feet slightly apart, arms to our side. We will connect to fire at the core of the earth, bringing it up through our feet moving it through our bodies/ chakras with the intent to cleanse our bodies, mind and spirit of any negativity and blockages. We will then move the fire into our astral bodies cleansing and removing negativity. We will then move the fire into the hall circulating the fire throughout the hall cleansing it of any negativity.

INVOCATION OF ARMAROS

**Hail to the Watcher Armaros, who teaches us
the resolving or undoing of the enchantments
and restrictions we place on ourselves. Show
us our restrictions so we can release them.
Hail & Welcome.**

Now you go beyond the surface of the well, and you notice the well is very deep, you take your time moving down deeper and deeper towards the bottom of the well and the deeper you go the more dark and murky the water becomes. You now see yourself at the bottom of this well and as you look up you can see the light in the distance. You feel the dark murkiness pulling you down further and further into its darkness until you are completely in the dark. You give way to the darkness, and you feel yourself letting go. The darkness is opening your awareness and it is giving you a sense of understanding and helping you to release any anger or upset that you might have been feeling. Take note of any images and senses you are experiencing.

You now move past the bottom of the well into the lower realm, as you move through this realm you feel a shift in your psychic senses. You are going to see areas of your life that need to be healed and changed. Just allow yourself to drift to certain situations in your life. Notice any images of happiness and sadness and see how those images and feeling relate to how you are experiencing your life now. You may see images or you might experience feelings. Spend some time just being in each situation without judgement.

Once you have become aware of those aspects that needs to be released ask the Watcher Armaros to dissolve those enchantments that you have placed on those aspects. Spend some time becoming aware of any images or messages.

Slowly you become aware of the light shining from above you and you gently allow yourself to rise slowly to the surface. Soon you are staring down on the surface of the well. You catch your reflection in the water and you seem happier, clearer, and brighter – and your eyes are radiant and knowing. The image of the well fades. Your reflection fades. And you are aware of staring into your scrying tool. Thank Armaros for his guidance and protection and then bring your awareness back into your body, wriggling your fingers and toes and stretching your arms.

Spellwork

Write down those aspects of your life you want released or changed on a piece of paper. Then fold it and tie it up with string or cotton. We will call upon Armaros to cut the ties that bind us and to free us to move forward in our lives. Cut the string and paper into tiny pieces and say “I release these aspects of my life – so mote if be”. On Saturday, The day of Saturn, (or at the next dark moon) bury or burn the pieces.
